have been watching and doing the best job that I possibly could by determining what are the responsibilities and where is our membership at? I do know that the budget committee is in the process of completing their bills. So that they can go to the bill drafter. So consequently tonight, we are going to adjourn early to comply with their wishes and to get their portion of the work completed. I rise also to say that tomorrow, Wednesday and Thursday of this week, and Monday, Tuesday and Wednesday of next week I will be hopeful that we can stay in session for at least 7 or 7 1/2 hours. Because of the deadline that we are faced with bills must be off of General File by the afternoon or the evening of the 7th. In order to complete their complete circuit across the board so that we can if this body so desires to over ride, vote to over ride a veto. Then of course after we are beyond those bills which have been determined a special budget bills, and the bills that we discussed this afternoon and hopefully tomorrow I don't think that we will be able to discuss budget bills before Monday. But we must move along to get our budget bills completed before the 7th. This is why to try and get the budget bills ready we are adjourning at this time and we will work Wednesday and Thursday of this week and Monday, Tuesday and Wednesday of next week 7 or 7 1/2 hours a day. I move that we adjourn.

PRESIDENT: There has been a motion to adjourn. All those in favor say aye, those opposed say no. We are adjourned.
